

- 1 Dr. Medraj will send emails from mmedraj@encs.concordia.ca to your email address that is available in Concordia University Student Information System. Please make sure that your email address is up-to-date in this system. Do you agree?

Yes ()

No ()

- 2 Besides the classes, the email is going to be the main way of communication for this course. You will be informed about the availability of practice questions and solutions on the course website through email. Do you agree on receiving emails in this regard?

Yes ()

No ()

- 3 The course website can be found at the following address:

www.me.concordia.ca/~mmedraj/mech321.html

- a) Do you agree on using this website to download the course lectures and assignments/practice problems?

Yes ()

No ()

- b) The assignments will not be marked but the questions will be used as the basis for the *In-Tutorial Exercises*. For more details, please read the first lecture and the course outline. Have you read the **course outline** and agreed with its contents?

Yes ()

No ()

- 4 Please also, tick the following important points indicating that you understand and agree on them:

- () The midterm is optional but if you write it you will obtain the higher mark of the final exam plus the midterm or the final exam alone.
- () You are aware that you must pass the midterm and labs in order to be able to get a medical deferral for the final exam should the need arise.
- () In order to obtain a mark for a lab experiment, you must attend and submit a report.
- () You are aware that you must obtain a passing mark on the final exam in order to pass the course.
